

```
on class= 'devsite-book-nav-toggle'
-haspopup='menu' hidden=''' fixed=''' aria-label='Hide
navigation' data-title='Hide side navigation'
-expanded='true'><span class='material-icons
' /></span></button>
```

Heyy !!

Flutter Developers Kenya 🇰🇪💙

```
class="devsite-book-nav-toggle" data-bbox="0 0 395 152"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons"
/></span></button>
```

- Basically coming from a community driven company
- Software Engineer @ GeekyAnts India, Bangalore

flutter
istas

```
on class="devsite-book-nav-toggle" data-bbox="0 0 396 155"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons"
/></span></button>
```

6+

Products

```
on class= 'devsite book nav togg  
-haspopup='menu' hidden=''' fixed=''' aria-label='Hide  
navigation' data-title='Hide side navigation'  
-expanded='true'><span class='material-icons  
/span>/button>
```

Let's unleash the power of custom
paints in flutter for data
visualization.

Significance of Data Visualizations

```
-haspopup='menu' hidden='' fixed='' aria-label='Hide  
navigation' data-title='Hide side navigation'  
-expanded='true'><span class='material-icons  
</span></button>
```

Your Choice ?

EVENTS ORGANIZED

Meetups	12
Study Jams	10
Conferences	3
Twitter Space	15

@KenyaFlutterDev

```
on class="devsite-book-nav-toggle" haspopup="menu" hidden="" fixed="" aria-label="Hide navigation" data-title="Hide side navigation" expanded="true"><span class="material-icons"></span></button>
```

- Improved User Experience.
- Data Driven Insights
- Enhanced Communication.
- Story Telling

```
on class='devsite-book-nav-toggle'
-haspopup='menu' hidden=''' fixed=''' aria-label='Hide
navigation' data-title='Hide side navigation'
-expanded='true'><span class='material-icons
'>
</span></button>
```

Custom Paints In Flutter

```
on class= 'devsite book nav toggle'
-haspopup='menu' hidden=''' fixed=''' aria-label='Hide
navigation' data-title='Hide side navigation'
-expanded='true'><span class='material-icons
</span></button>
```

Role of Custom Paints in Data Visualization

EVENTS ORGANIZED	
2023	Count
Meetups	12
Study Jams	10
Conferences	3
Twitter Space	15

@KenyaFlutterDev

```
on class="devsite-book-nav-toggle" haspopup="menu" hidden="" fixed="" aria-label="Hide navigation" data-title="Hide side navigation" expanded="true"><span class="material-icons"></span></button>
```

- **Versatility of Custom Paints**
- **Seamless Integrations**
- **Interactivity**
- **Performance**

```
on class="devsite-book-nav-toggle"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons
"/>
```

Approaches for Rendering Data with Custom Paints

```
on class="devsite-book-nav-toggle" haspopup="menu" hidden="" fixed="" aria-label="Hide navigation" data-title="Hide side navigation" expanded="true"><span class="material-icons"></span></button>
```

- Rendering Data Directly
Using `Custompaint` Class.
- Rendering Data Indirectly
using a Separate Layer and
`CustomPaint` Class.

```
on class='devsite-book-nav-toggle'
-haspopup='menu' hidden='' fixed='' aria-label='Hide
navigation' data-title='Hide side navigation'
-expanded='true'><span class='material-icons
'>
```

Rendering Data Directly
Using `Custompaint`
Class.

```
on class="devsite-book-nav-toggle"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons"
/></span></button>
```

- **Pros: Simplicity, Direct Control.**
- **Cons: Performance Impact**

```
on class="devsite-book-nav-toggle"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons
"/></span></button>
```

- **Pros: Performance Optimization, Reduced Redrawing.**
- **Cons: Complexity, Limited dynamic**

```
class="devsite-book-nav-toggle" haspopup="menu" hidden="" fixed="" aria-label="Hide navigation" data-title="Hide side navigation" expanded="true"><span class="material-icons" /></span></button>
```

- Use the simplest possible approach.
- Avoid complex shapes or patterns.
- Utilize a separate layer for rendering data.
- Optimize the rendering code.
- Leverage hardware acceleration

```
on class="devsite-book-nav-toggle" data-bbox="0 0 396 155"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons"
/></span></button>
```

- **Memory limitations**
- **Processing speed**
- **Display Limitations**

```
on class="devsite-book-nav-toggle"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons
"/>
```

Handling this Challenges

```
on class="devsite-book-nav-toggle"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons"
/></span></button>
```

- Use optimized data structures for fast access
- Implement caching mechanisms for frequently accessed data
- Apply lazy loading to load data only when needed
- Data Pagination
- Asynchronous Processing

```
on class="devsite-book-nav-toggle"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons
"/>
```

Data Visualization Techniques.

```
on class="devsite-book-nav-toggle" haspopup="menu" hidden="" fixed="" aria-label="Hide navigation" data-title="Hide side navigation" expanded="true"><span class="material-icons"></span></button>
```

- Choosing appropriate chart types.
- Scaling and normalization.
- Labels and legends.
- Animation and interactivity.

```
on class="devsite-book-nav-toggle" data-bbox="0 0 401 155"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons"
/br></span></button>
```

**Algorithms to learn for
better optimization**

```
on class="devsite-book-nav-toggle" haspopup="menu" hidden="" fixed="" aria-label="Hide navigation" data-title="Hide side navigation" expanded="true"><span class="material-icons"></span></button>
```

- Depth First Search (DFS)
- Breadth First Search (BFS)
- Dijkstra's Algorithm
- Bellman-Ford Algorithm
- Floyd-Warshall Algorithm

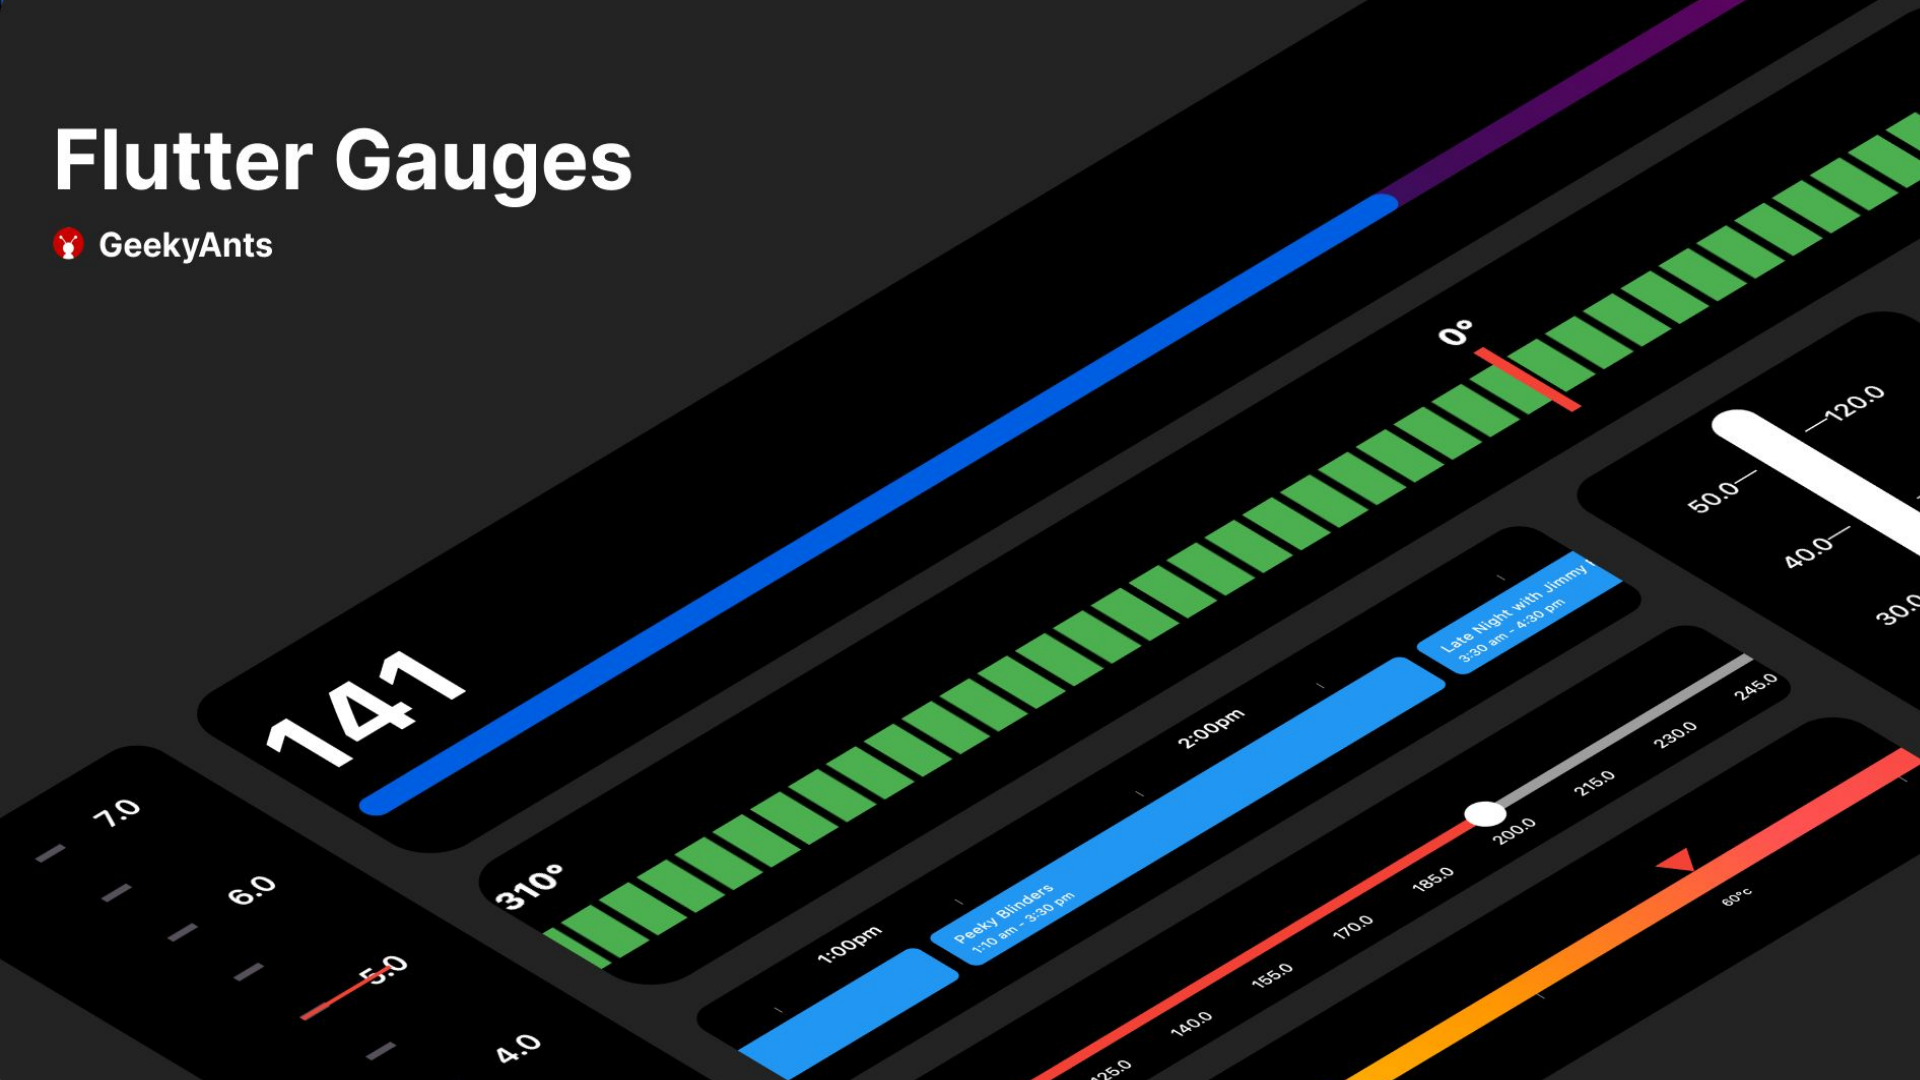

```
on class="devsite-book-nav-toggle" data-bbox="0 0 402 156"
-haspopup="menu" hidden="" fixed="" aria-label="Hide
navigation" data-title="Hide side navigation"
-expanded="true"><span class="material-icons"
/></span></button>
```

Demo

Flutter Gauges

 GeekyAnts

```
on class= 'devsite-book-nav-toggle'
-haspopup='menu' hidden=''' fixed=''' aria-label='Hide
navigation' data-title='Hide side navigation'
-expanded='true'><span class='material-icons
' /></span></button>
```

geekyants_flutter_gauges: ^1.0.0+5

```
on class= 'devsite-book-nav-toggle'
-haspopup='menu' hidden=''' fixed=''' aria-label='Hide
navigation' data-title='Hide side navigation'
-expanded='true'><span class='material-icons
' /></span></button>
```

<https://github.com/GayathrideviGA/FlutterKenya-Talk-2023>

```
on class= 'devsite-book-nav-toggle'
-haspopup='menu' hidden='' fixed='' aria-label='Hide
navigation' data-title='Hide side navigation'
-expanded='true'><span class='material-icons
' /></span></button>
```
